## Express Services Now Open at Reston Regional Library

Express services are now available at all locations: **Monday and Tuesday 10 a.m. to 8 p.m.** and **Wednesday through Saturday 10 a.m. to 6 p.m.** All library branches are available for "express" services. Library patrons are able to once again use their local branches (except Lorton branch). There are some modifications in place:

- Express services are focused on grab-and-go activity; **visits are limited to 30 minutes.**
- Each branch will have a **capacity limit** to support social distancing.
- Library users may browse the shelves or pick up holds.
- Public computer usage, copying and printing will also be offered; **computer usage is limited to 30 minutes per day per person.**
- Virtual programming will continue; only limited in-person programs will be provided.
- **Items may be returned any day to exterior book drops** (staggering no longer required).
- Social distancing features include plexiglass shields at customer service desks, social distancing floor stickers, every other public PC disabled, and some furniture removed from the public floor or moved to support six feet of distance between users.
- **Returned library materials will continue to be quarantined for 72 hours.**
- **Meeting rooms are not available.** These spaces are housing furniture removed from the public floor as well as quarantined library materials.
- **Face masks covering your nose and mouth are required in the building.** Curbside pickup (see below) is still available for those who can't or don't want to wear a mask.

The popular curbside services continue, even as express interior services have begun. This provides an option for residents who are not comfortable using library facilities. Curbside services continue to be offered Monday through Saturday 10 a.m. to 4 p.m.

## New Due Dates for Items Checked Out Before The Library Closed

Normal enforcement for due dates, fines, and holds resumed August 1<sup>st</sup>. Items will now be due after their normal circulation period, fines will be applied to overdue items, and holds will expire if items are not picked up. Most checked out items were automatically renewed and the due date reset to August 22<sup>nd</sup>. However, "14 Days Only" items were NOT automatically renewed, and were due back to the library August 1<sup>st</sup>.

## So Long, Farewell! RRL Bids Goodbye To Our Branch Manager

After almost three years at Reston Regional, Branch Manager Katilyn Miller has announced she will be leaving the library. During her time here, the Friends have been inspired by her dedication and enthusiasm for the library, working to strengthen and expand resources and programming for the community. She's been a true "friend of the Friends" and will be greatly missed!

## BOOK DONATIONS REMAIN CLOSED THROUGH 2020

## NO BOOK SALES SCHEDULED AT THIS TIME

We hope you will continue to support the Friends during these times, as the Library and community need us more than ever.

To support the Friends while book sales and donations are closed, see page 3 of the newsletter for *Other Ways to Give*.

## Your Donations At Work

Since our last newsletter, as the library has gradually reopened, Reston Regional staff have been able to make good use of equipment funded by the Friends to continue their hard work.

Using the 3D printer paid for by the Friends, staff members created personal protective equipment (PPE) to distribute to the community. The 3D printer made it possible to “print” plastic mask extenders, which attach to the over-the-ear loops on cloth or disposable masks, and effectively extend the fit, making it more comfortable and longer lasting for front-line folks who need to wear masks for long periods of time. PPE supplies were distributed to area healthcare organizations in need, in partnership with a local, youth-run organization called Youth COVID-19 Relief Organization (YCRO). To learn more about YCRO and how you can help them in their efforts to reach the community, visit their website:

<https://www.projectycro.org/about>

Using iPads provided by the Friends, our staff have been able to more rapidly and safely process returned materials to check them back into the system and make them available to patrons again. Once materials have completed their quarantine period, staff members can use the iPads to connect directly to the catalog system. The branch was originally issued one iPad for all of the staff to use. The Friends funded 12 iPads, plus cases, and hand held scanners for staff use. Having multiple iPads allows the staff members to spread out throughout the building to do their work. The iPads also let staff members assist patrons more readily throughout the building, now that Express Services have begun and patrons can browse the shelves in person.

“During my time volunteering with FRRL I have come to appreciate the dedication and work of the group, so much of which is behind the scenes. The support FRRL provides the Reston Library, and the library system in general, is critical to the continued success of the library’s mission.”  
– Karen France, Newly Elected Board Member-at-Large

## More Ways To Help Your Community

During summer break, Fairfax County Public Schools [continue to feed students in need](#). They need help to provide food and supplies to the nearly 60,000 students in Fairfax County who live in poverty. [Donate](#) to the Foundation for Fairfax County Public Schools.

In addition to students, there has been an increase in the overall number of people in our community struggling to put food on the table for themselves and their families. There are many hunger assistance organizations in our area working to keep Northern Virginians healthy. Because of the increase in demands, their resources are severely strained. If you are able, we encourage you to consider supporting these worthwhile organizations. The links below will take you to their websites for more information.

## Meet the 2020-2021 Board of Directors of the Friends of the Reston Regional Library

Some say service to others is the rent you pay for the privilege of living here on earth. Some say libraries are essential resources. Some just love books too much to stay away. (Some of them might be in it for the cool t-shirts.) Whatever the reasons, we are fortunate to have a dedicated group of volunteers who put their time and effort into supporting the Friends, and helping us do the most good for the library and its community. Elections for the FRRL Board of Directors were held June 17th. At this time, we marked the retirement of our longtime Secretary (Helen Fedor), a few role changes, and two new board members. The Board is elected annually for a period of one year. All board members are FRRL members in good standing, and volunteer for the organization in other ways in addition to serving on the board.
